Chief of Police Fant and Policemen Cummings and Blackman had a long, lively race last Monday in attempting to arrest a negro named Doc. Jones, who, it is believed, is an escaped convict from one of the phosphate mines in the lower part of the State. The officers had been on the look-out for the negro for some time, and on Monday they learned that he was concealing himself in a house in the city. When the negro saw the officers approaching the house, he started on a run at a two-forty pace. The officers followed him, and soon discovered that he was a fleet-footed darkey. They continued in pursuit and finally captured him in the swamp near the Railroad trestle across Rocky River. The prisoner was brought into the city and lodged in jall. Jones is coal black, with a long, deep scar on the right side of his face, and is nearly six feet high. He was arrested here two years ago for having committed some offence in either Pickens or Oconee Counties, and was sent to the Penitentiary from one of these Counties. The authoritles have been notified of his arrest.

Mr. William M. Archer, one of Anderson's most venerable citizens, died at his esidence in this city, on last Sunday afternoon, in the seventy-fourth year of his age, after an illness from a complication of diseases which prostrated him for the past three months. Mr. Archer was well known throughout our County, and honored by all who knew him for his strict integrify, his sound judgment, and his unswerving adherence to the path of duty in all the walks of life. Mr. Archer was, before the war, Sheriff of Anderson County, but being ineligible for a second term under the law, ran only one time for the office. He was an unassuming, straight-forward gentleman, who had only friends among those who knew him, He was for many years a devoted and faithful member of the Presbyterian hurch in this city. His remains were interred in the Presbyterian cemetery on last Monday afternoon, Rev. D. E. Frierson, D. D., conducting the funeral services, which were attended by a large concourse of the friends and acquaintances of the deceased. The Savannah Valley Railread. The Stockholders of the Savannah Valey Railroad met at Lowndesville on Wednesday, the 13th inst., at eleven

o'clock a. m., and organized by electing Mr. G. F. Toliy President, and John E. Breazeale, Esq., Secretary of the Convention. A large majority of the stock of of the business of the Convention. President Humphreys submitted his report, which gives the status of the Company, as follows:

To the Stockholders of the Savannah Valley Railroad Company:

GENTLEMEN: Much has been done since GENTLEMEN: Much has been done since your last Convention that is matter for congratulation. Indeed, the last twelve months have been the most eventful in the history of our enterprise, and will there were days of despondency; gloom, the year upon the whole, has been attended with the most gratifying results, and we meet to day with the well-assured hope that the near future will witness the full fruition of our efforts in the completion of our road.

full fruition of our efforts in the completion of our road.

Twelve months ago, not more than half of your road-bed was graded, and the work of grading had just been renewed after a suspension of sixteen months, and was being carried on with money borrowed upon the bypothecation of the first batch of Anderson City bonds of \$25,000.

The Townships in Abbeville had made a generous subscription of \$20.000. The Townships in Abbeville had made a generous subscription of \$20,000 additional, but it could not be collected until Fall, while this amount with the Anderson City bonds, was wholly inadequate to complete the work of grading. The Townships in Anderson to whom we looked to supplement our resources, after diligent efforts on the part of members of your Board and other friends of the enterprise, declined to make any further subscription. And at this very time a suit instituted by certain delinquent tax-payers denying the validity of the railroad tax, was pending before the State Supreme Court, upon whose final result it is scarcely toe nuch to say, depended the collection of so much of the Abbeville tax as might remain unpaid at the time of its decision. But the darkest hour is just before the dawn, and to dispel this gloom, the taxpayers of the Abbeville Townships promptly came forward in the Fall and paid the first instainment of their taxes, \$10,000 due last year, and Mr. C. H. McCormick, of Chicago, paid in his handsome subscription of \$3,000.

With this increase of funds the force on the road was increased by seventy addi-tional convicts, making the present force 124 hands; and to day there remains to be graded but about eight miles, in a single gap, just south of Lowndesville, and all of which will be completed within the next three months.

the next three months.

To increase our good fortune the Supreme Court has, within the past two weeks, rendered a favorable decision in business man in the city should have a phone, as it will prove a great convenience. Mr. J. L. Mauldin, who has been foremost in working up the exchange, will gladly give any information concerning it. In another column may be found an advertisement for one hundred posts.

Till write ye it a ballad on dollars and cents, every line shall be perfectly true; and I'm writing these verses on purpose, my friend, to present a few home truths to you. A quarter looks small when you're out with the boys, fifty cents or a dollar soon goes; and a ride on the car or a beer is but five, which is nothing, as every one knows. If you squauder a quarter each day of your life, though it may seem romarkably queer, if you plase. So shut off your board and your clothes, and the rest you can save if you please. So shut off your treating, and walk when you can, and give up the excitement you've craved, and you'll be quite sur-

son in twelve months, and such is our belief.

We feel, therefore, that the Board can with propriety congratulate you upon the bright prospect of a speedy completion of your road; and we have only to express the hope that, having heretofore fully authorized the Board of Directors to to all that they have done and engaged to do in their contract with Mr. Raoul, that you was recently and cheerfully approved. now promptly and cheerfully approve by them. MR. EDITOR: The District Conference for Greenville District, which includes fifteen pastoral charges in four Counties, met at Piedmont on Thursday, 7th inst., and closed the business of a pleasant session on Saturday. Rev. T. G. Herbert, the Presiding Elder of this District, was

Church was carefully looked into, and while it was found that the membership do not live up to a high spiritual standard in every respect, nor show the large liberality that they ought; yet are there many devoted men and women in the Church, striving to live for God and Heaven, and willing to labor and contribute money for Zion s welfare. How inspiring are such meetings. While there are found many things to be deplored, yet is each one present impressed with the fact that he is not atone in trying to live right, and that many, very many, others are studying how best to put the wrong right, and are willing to spend and be spent in furthering the interests of the Master's Kingdom. All this, and more, was realized in our late Listrict Conference, and no doubt the good recalts will extend and remain for days to come.

Dr. Jas. II. Carlisle, President of Wofford College, was present for one day, and although in very teeble health, spoke in an impressive and instructive manner from the subject, "The Church and her appliances intended to bless and help the common man."

The following persons were elected to the next Annual Conference to be held in Columbia in December: Col. H. P. Hammett, Rev. W. A. Hodges, Col. John G. Clinkscales and Geo. 2. Prince, Esq. Seneca City was chosen as the next place of meeting.

The above are some of the particulars of the most pleasant, and I believe, to me at least, the most profitable District Conference I have so far attended.

Yours truly, Jas. W. Wolling.

Town, ILLE, 8 C., May 16, 1885. Mesers Editore: It is known that for ears this community in common with others has been troubled with the traffic in illicit whiskey. Until recently no determined effort has been made to suppress it. In January last Mr. J. W. Bailey, of this place, at the instance of some of the citizens, accepted appointment as United

citizens, accepted appointment as United States Deputy Marshal with the understanding that his operations were to be confined mainly to this immediate section. Up to this time he has made several arrests of persons, whites and blacks, who have been selling whiskey unlawfally.

There are other offenders in sight, but it is rumored very generally that Mr. Balley intends to or has already resigned. It is conceded that he is "the right man in the right place," and as there is a general sentiment in favor of the suppression of the traffic there is considerable surprise at his resignation or its contemplation.

Will be give the public his reasons therefor?

BLANKETS AT COST.

TATE OF SOUTH CAROLINA.

SPRING, 1885.

IS not a season for advertising any specialties in our line, we avail ourselves of the opportunity to call the attention of our friends to two preparations of ours that have not

made from a formula known only to ourselves, and on, which we DEFY COMPETITION. The Ladies in Town who have tried it will, one and all, attest to its superior qualities. This is no idle

a formula also of our own, and which we GUARANTEE to take ANY KIND of grease spot out of ANY KIND of cloth, from the

heaviest Jeans to the most delicately tinted Ribbon. On this we likewise invite inspection. Respectfully, HILL BROS..
